### BOARDING / GROOMING / TRAINING CONSENT FORM

Welcome to Bear Brook Kennel! Your pet is being left with us for either boarding, grooming or training. Pets being left in our care are required to be current on all necessary vaccinations.

As the pet owner, you understand that during your pet's stay, unforeseen circumstances may occur that require veterinary care. Bear Brook Kennel is affiliated with the Brewer Veterinary Clinic, which is onsite. Unless specifically requested, the Brewer Veterinary Clinic will be taking care of these unforeseen services. The pet owner will be responsible for the costs charged by Brewer Veterinary Clinic or the veterinarian of their choice. All after hours emergencies will be handled by the Eastern Maine Emergency Veterinary Clinic. My signature authorizes, by written consent, these medically necessary treatments or procedures and any costs that result.

If while at Bear Brook Kennel your pet contracts Kennel Cough, all affected dogs will be attended by the Brewer Veterinary Clinic. Bear Brook Kennels will assume financial responsibility for kennel cough related Brewer Veterinary Bills only. Owners who choose to take their dog to a vet other than Brewer Veterinary Clinic will assume financial responsibility themselves.

Pet owners assume sole responsibility for any and all acts of destructive behavior of the pet while it is in the care of the Bear Book Kennel.

As the pet owner you give authorization, by written consent, for Bear Brook Kennel to obtain information regarding your pet's vaccination history from my veterinarian.

#### **Family Dogs Boarding Together**

We at Bear Brook Kennel do not recommend two or more dogs boarding in the same enclosure. Disagreements over food, toys, beds, and who should go through the doggy door first can occur. If the owner chooses to board their dogs together, pet owner accepts any and all financial responsibility of veterinarian bills if fights occur.

#### **Pick-Up-Time**

At Bear Brook Kennel we give your dog a complimentary bath if they stay more than three nights. For dogs boarding only one or two nights we may give them a touch-up. Please let us know if you do not want a bath. Some dogs don't tolerate a bath very well and we may not be able to bathe your pet. We try to do the baths the morning they are going home so if you pick up your dog before 10:00 am we may not have had time to do the bath. Your dog also may be wet or damp if it hasn't been given ample time to dry.

#### **Training**

All training classes must be prepaid and are nonrefundable.  
One group make-up class will be offered at the end of the sessions.

**CONTINUED ON BACK**

## Grooming

When animals are presented for grooming that has excessive matting involved, there are several potential side effects that may occur from the groom that are sometimes unavoidable.

1. Blending of the coat. Some areas may be shorter and blended into the coat.
2. Having to shave animal closer than originally desired.
3. Possible cuts to the skin depending how close and tight the mattes are.
4. Razor burns

Client will be responsible for any charges that occur from treating these possible outcomes. The groomer will do everything possible to follow client's instructions for grooming, however, some pet's coats may need to be shorter than requested due to the condition of the coat.
